

Reconnective Healing®

The Reconnective energies are initiated by a Reconnective Healing Practitioner, reconnecting us to the fullness of the universe as it reconnects us to the fullness of our beings and of who we are. Through your participation in these sessions, you will be forever changed, operating at, and attuned to, a higher frequency than ever before. The intent is essentially healing, be it physical, mental, emotional, spiritual or any other level.

Experiencing Reconnective energies will connect us to the earth's gridlines, enable spiritual and evolutionary advancement, increase vibratory levels for healing and personal development and enhance and fuel renewal functions of the body.

There are two ways to experience the Reconnective energies:

- 1, Reconnective Healing® sessions last 45 minutes and one to three sessions are normally recommended.
2. Personal Reconnection™ or The Reconnection™ is facilitated in two sessions, ideally on consecutive days. It is suggested that you experience 1-3 Reconnective Healing® sessions prior to receiving your Personal Reconnection™

In both experiences, the client lies face up on a massage table, fully clothed. It is best to avoid use of perfume or scented products during the sessions. The client is asked to lie down, close their eyes, and "let go", be in a state of expectancy, allowing whatever is to happen.
